moray.uhi.ac.uk

Welcome to UHI Moray

David Patterson
Principal, UHI Moray

We are delighted that you have decided to study with us this year. We hope you enjoy your time at UHI Moray.

Staff at UHI Moray have been working hard to make sure the start of the new academic year is packed full of all the things you need to know about studying with us. This includes explaining what you can expect from your studies and lecturers, and the services available throughout your time with us.

We understand that starting a new course means you'll be given a lot of information and that you might not remember it all. This guide has been designed as a signpost for most, if not all of the questions you might have.

If you have a question that isn't answered in this guide, please talk to your lecturer who will point you in the right direction.

Principal

HISA

Highlands and Islands Student Association

Highlands and Islands Student Association (HISA) is the Student Association for UHI. They represent all students studying in Further and Higher Education. They make sure that your experience as a student is the best it can be! They do this through elected Student Representatives (or Student Voice Reps), who gather students views about their studies and College/University life to bring about positive change.

HISA Officers

HISA have two student elected Depute Presidents based at UHI Moray. They are part time officers who work 14 hours each per week.

The HISA Moray Deputes have an office beside reception. You can pop in with any question or problems you may have. They also run Student Voice Rep meetings where you can voice any problems you or your class members may be experiencing.

How to get involved

HISA is run by students, for students. HISA works on everything from fun things such as clubs and societies - which they can help you make - to more serious subjects such as education and representation. They represent you in a variety of ways locally, regionally and nationally. They lobby MSPs, sit on all the important University and College committees and campaign for change.

There are loads of things that you can get involved in. So, if you want to have a say in your education and have your student voice heard, then get involved.

Every year HISA holds Student Elections, so keep an eye out for the amazing opportunity to represent your fellow students in a paid local (Depute President) or regional (Vice Presidents and President) position. Whether you decide to run for a position or not, make sure to vote!

To keep up to date with what HISA is working on find them on Facebook - **HISA, HISAMoray** and keep **checking their website regularly.**

Policies

All of our current policies are **available on our website**. They include the following:

Academic Quality Policy

The Academic Quality Policy describes the key activities we will carry out to make sure the quality of services meets the necessary standards.

Attendance/Absence Procedure

UHI Moray expect that students aim to attend 100% of scheduled classes. There are some instances where this may not be possible. This document defines where students could be permitted to drop below 100%, when the appropriate evidence supports their absences.

Student Conduct Policy

This policy sets out how we aim to promote a positive learning environment for all students. It includes the Student Code of Conduct and describes what should happen if a student's behaviour falls outside of this code.

Student Confidentiality Policy

During your time as a student at UHI Moray we will handle a range of personal information about you. We will do this in line with appropriate regulations including the General Data Protection Regulations (GDPR).

During your studies we will share your data with a range of organisations. We will only share data when we need to and we will do this in line with the law.

Complaints and Suggestions

You have a right to make a complaint if you are not happy with any aspect of your student experience. The Complaints and Suggestions for Improvement Handling Procedure gives details of how you can complain or submit a suggestion for improvement.

BrightSpace

BrightSpace is the Virtual Learning Environment (VLE) used by UHI.

It is an online system that helps lecturers provide online support for teaching and learning.

You don't need to be in a classroom or even on campus to access and use the system - all you need is access to the internet!

There is a lot you can do with BrightSpace including:

- + access material that covers the basic content of your course
- + take part in interactive quizzes/tests to check your learning
- + link to websites that provide useful information
- + discuss ideas with other students on your course
- + contact your lecturers
- + submit work to be marked and record the dates and times of when you submitted the work
- + receive grades and feedback about your work

You can access BrightSpace by clicking on the link in the student portal (MyDay). If you are using a UHI computer MyDay will be set as the default home page when you access the internet.

If you are not on campus, you can either go to **myday.uhi.ac.uk** or download the MyDay App from the Apple or Android store. Just use your normal student/UHI login to access all the online services.
