“There is plenty support, and you are never left behind, help is always just a question away. As a ‘mature’ student I was slightly nervous about coming back to education, but the nerves were gone after day one.

Craig Robertson, HND Computer
Science Graduate

Different people come to study with us for different reasons, but what they all have in common is that they are looking to gain the knowledge, skills, and experience they need to progress to the next stage of their life.

So, whether you're looking to equip yourself for a new career or simply to prepare yourself for a higher level of learning, we have a great selection of study routes for you to choose from.

Principal's Welcome

Hi! Thanks for thinking of studying here at UHI Moray.

We are both the local community college for Moray, and the base in Moray for UHI, Scotland's fully tertiary university that is located right across the northern half of the country.

We work closely with our local schools, employers, and stakeholder groups to bring you the right courses to help take you from where you are now to where you want to be.

We're able to give you access, not just to our own lecturers and support staff here in Moray, but also to the expertise and talents of our UHI colleagues across this vast region.

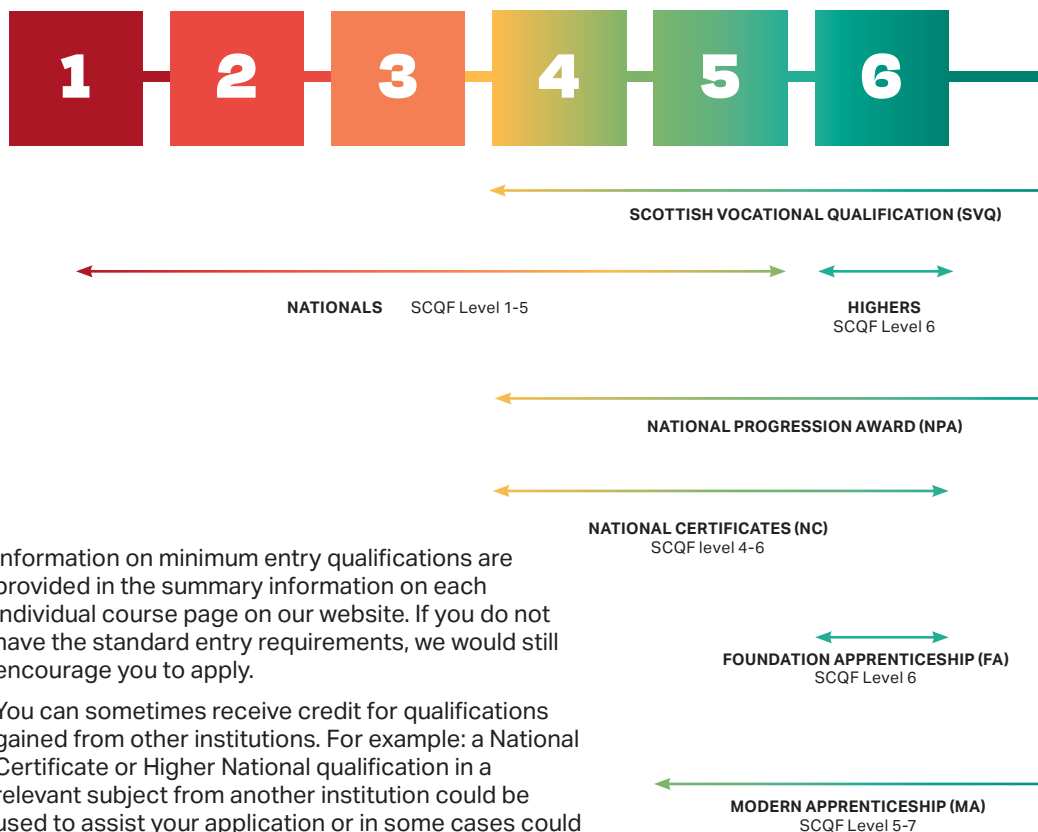

Moray is a fantastic place to live, work and study, with easy access to stunning natural resources including the picturesque coastline along the Moray Firth and the mountainous Cairngorms, the UK's largest National Park. You will be living and working in a safe, welcoming and vibrant community that also plays host to some world-famous brands and companies that started life here.

You can find more information about UHI Moray on our website and keep up to date with news and events through our social media platforms. I hope that you find something that meets your needs and fires your imagination. If there's any further information you need to help you make your choice, please don't hesitate to contact us.

David Patterson, Principal and Chief Executive

Entry Requirements and Progression Routes

FURTHER EDUCATION SCQF level 1 to 6

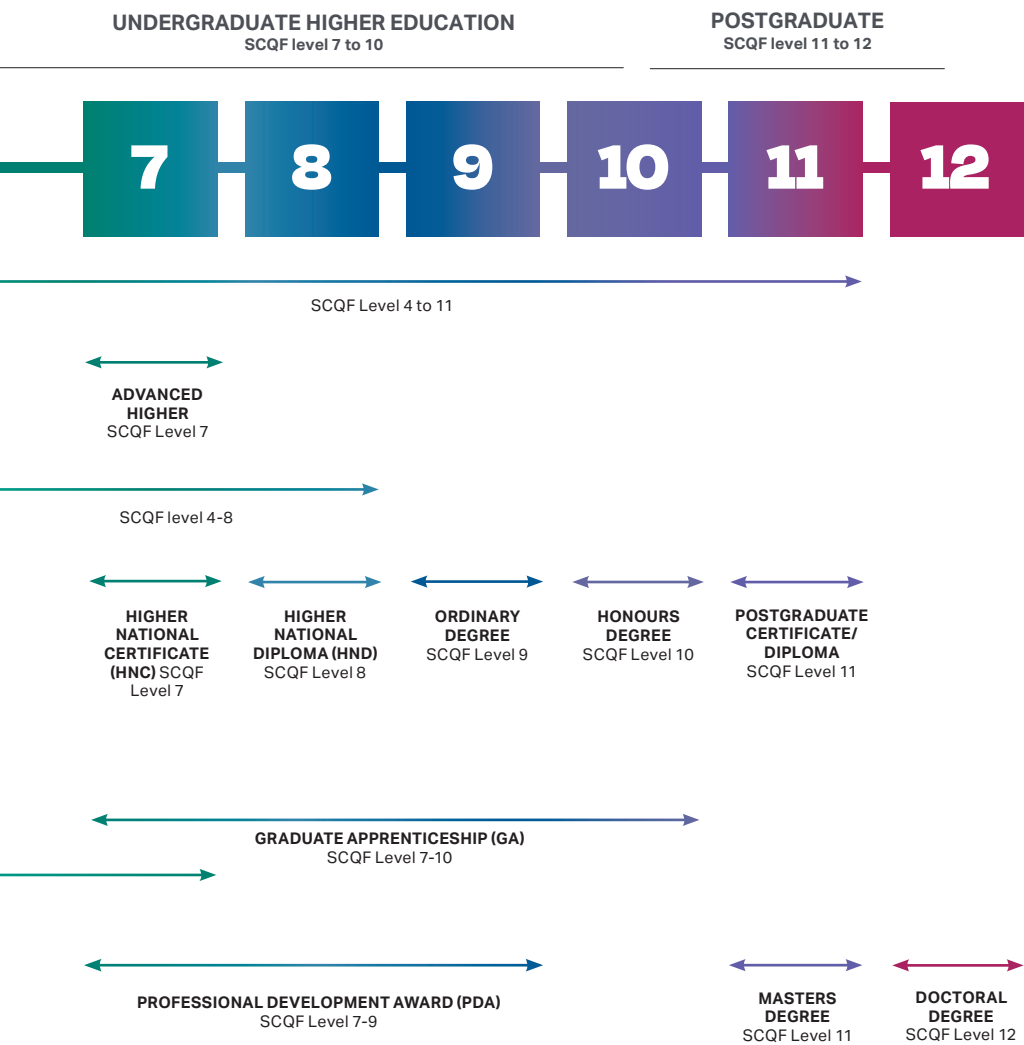

Information on minimum entry qualifications are provided in the summary information on each individual course page on our website. If you do not have the standard entry requirements, we would still encourage you to apply.

You can sometimes receive credit for qualifications gained from other institutions. For example: a National Certificate or Higher National qualification in a relevant subject from another institution could be used to assist your application or in some cases could provide exemption from parts of a BA, BEng or BSc (Hons) degree.

We will also accept properly evidenced voluntary and paid work experience. You may be asked to provide some additional information with your application and could also be invited for interview.

We'll do all we can to assist your application, and to support your needs once you are studying with us. We aim to provide a learning structure which helps you to reach your goal no matter where you start from. We do this by being flexible with our entry requirements and offering a range of alternative progression routes through our courses.

Study at any Stage

No matter what stage of life you're at, studying can be a great experience.

Returning to Education

Studying with us could improve your job prospects or help you start your own business, and a short course could lead to further study.

Most of our courses are available to people of any age, and in some cases your work experience counts towards the qualifications you need for entry.

Plus our part time and online study options allow you combine education with work, family or other commitments.

School Students

If you're still at school, we could help you get a head start into further or higher education, or the world of work.

Our Senior Phase Programme allows school students in S4, 5 or 6 to attend one day a week, often with transport provided.

You could access a subject that's not available at your school, try out a course, or do a Foundation Apprenticeship (available for S5 and S6) alongside your Nationals and Highers.

School Leavers

If you're about to leave school, we offer courses from induction all the way to degree - helping you make the leap from school to future study.

We also offer a flexible structure in most subjects - so you can begin with a one-year NC course, for example, then progress to HNC, HND or degree level study if it's right for you.

Study while you work

The majority of our courses are available on a part-time basis. For example, an HND which takes two years full-time could be spread over four years while you're working.

Some courses include:

- + block or day release, where your employer agrees to let you attend classes on certain days.
- + distance learning and evening classes, so you may be able to study without any loss of working hours

We also offer Modern Apprenticeship programmes and a range of professional qualifications which can be studied as short day courses or during your leisure time.

Whatever kind of study works for you, you'll have access to great resources and support.

International students

If you would like to study in a country of outstanding natural beauty and buzzing with culture, social life and activities, then the north of Scotland should be your first choice.

Entry requirements and applications

We make offers of entry based on qualifications achieved worldwide. Admission to our courses depends on a proven level of competence in English. If English is not your first language you will be required to provide a recent secure English language test certificate. For degree study, you will need an IELTS score of 6.0, with no elements below 5.5, or equivalent. For HNC/D study, you will need an IELTS score of 5.5, with no element below 5.0, or equivalent.

Courses that are taught wholly online can only be studied from your home country. For any campus-based courses, international students will be required to hold a valid Student Route visa.

Support and advice

Our dedicated international team is here to help you select the right course, guide you through the application process and support you with information and advice on visas, accommodation, and other issues.

Study abroad

If you are an international student enrolled at an institution overseas you may want to get a taste of studying abroad. A year or semester at UHI can be a great way of gaining first-hand experience of Scotland and its culture.

Fees and scholarships

Course fees at UHI are competitive and the north of Scotland is a cost-effective place to live in the UK. A range of scholarships are available for international students, please visit our website to find out more.

You can find more information at:

uhi.ac.uk/international or international@uhi.ac.uk

Widening access to Higher Education

Widening access seeks to make Higher Education (HE) more accessible to those who are from under-represented and disadvantaged backgrounds.

How does UHI support widening access students?

We welcome, encourage, and support applications from widening access students.

You may be assessed as a widening access student if you:

- + Live in a postcode area or attended a school where progression into HE is lower than average.
- + Have experience of being in care.
- + Have taken part in a Schools for Higher Education Programme, such as ASPIRE North.
- + You are the first in your family to progress to university.

This applies to applicants who do not have the standard entry requirements for the course, or where there is competition for places. It may result in you joining the course with lower grades than the standard entry requirement and/or undertaking additional work before starting your course.

What if I don't have the standard entry requirements?

The published standard entry requirements have been set at the minimum required to successfully complete the course. You will usually

need to achieve grades as good as or better than these to be made an offer.

However, we consider each applicant individually to identify your full talent and potential, regardless of background or life circumstances, and look beyond grades to do this.

If you do not have the published standard entry, we can offer many alternative routes to degree study, for example:

- + You may be asked to complete a summer school or a short online course or undertake a written assignment as part of your offer.
- + If you are assessed as a widening access student and, for some courses, you may get a lower or adjusted offer.
- + We also have a range of access courses, including Higher National Certificates (HNCs) and Higher National Diplomas (HNDs), which can help you gain entry to your chosen degree.

What else do I need to get onto the course I want to study?

Alongside qualifications you will need a personal statement and a reference. For certain courses, you may also need to:

- + come to an interview or audition
- + submit an art/design portfolio
- + provide evidence of relevant work or voluntary experience.

How to apply

Once you've decided on a course, you need to submit an application. There are different ways of applying, depending on which type of course you'd like to take.

Work-based and short courses

Apply online at **moray.uhi.ac.uk**

Further Education (NC, SVQ, NQ, UAL Awarding Body and IMI)

Apply online at **moray.uhi.ac.uk**

Higher Education (HNC, HND and degree courses)

You may have to apply through UCAS (the University and Colleges Admissions Service) or direct to us.

UCAS application process

The UCAS application process has specific deadlines:

- + **Apply by end of January** – all applicants are guaranteed equal consideration by their chosen universities. This doesn't mean you can't apply after this date; for most courses, we continue to accept applications through the year.
- + **From March to June** – applicants who have not secured any offers from their chosen universities may apply using UCAS Extra for additional courses without having to wait for Clearing to start.
- + **Clearing** – if you apply after 30th June or have not achieved your expected grades and do not have a university or college place, UCAS Clearing can help you find a suitable place. This service is available in August and September.

For more information visit **ucas.com** or call **0371 468 0468**

Student Support Centre

Our Student Support Centre acts as a hub of student activity, and your first port of call for help with everything from registration to graduation and beyond.

Student Support

Our dedicated Student Services team provide personalised support for all applicants and will support you throughout your student journey.

Staff here can give you advice and guidance on courses, careers, accommodation and other issues.

Student Guidance

The Student Guidance team offers friendly, confidential support for everyday problems.

Here you'll find a safe place to discuss any troubles you may have, from academic challenges to personal issues, money problems and health worries.

LDWs and PATs

As a UHI Moray student, you will either be assigned a Learning Development Worker (LDW) or Personal Academic Tutor (PAT) depending on the level and duration of your course.

The LDW or PAT will ensure you have all the help and support you need to be successful in your studies.

They will be your first point of contact should you need any support, and if they can't help directly, they will ensure you have access to the right specialist support service within UHI.

Carers and care leavers

Carers and care leavers get tailored support before, during and after your studies.

Our Student Services team have experience of working with people from varied backgrounds, and we partner with external organisations and charities, including Quarriers and Become, to offer help to carers, young people living in care and those leaving care.

For more information visit:
moray.uhi.ac.uk/support

Library and Study Spaces

Sited over two floors, the Student Support Centre is a great place to study and features study pods, group work areas, computer workstations and access to laptops with Wi-Fi.

Our library offers a huge range of books, journals, e-books and other media. Plus as a student, you can request books from other libraries within UHI's partnership through an inter-site loan system.

Study Support

We recognise that all our students benefit from some kind of support, and that different people need to be supported in different ways. Our Inclusive Learning Team aims to support you to achieve your qualifications.

The Study Bar

The Study Bar is an innovative resource available to all students at UHI Moray and is here to ensure that you make the most of your potential.

As the name suggests, this is the place to perfect your writing style or study strategy, with support from our friendly and helpful team offering a range of learning support services.

You can ask a question or book a session by emailing

TheStudyBar.Moray@uhi.ac.uk

Alternative Assessment

If you need specific support in assessments and exams, such as scribes and interpreters, our Inclusive Learning Team can help you.

Help for students with disabilities

We're committed to helping all our students achieve their potential, including those with disabilities of all kinds.

If you feel you need additional support because of a disability, contact our Inclusive Learning Team to find out more.

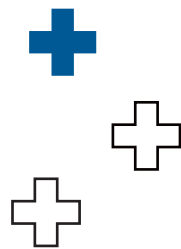

Loan Equipment

As a student you may be entitled to additional funding for equipment to help you study, and we can help with this.

We have a wide range of equipment including laptops, ergonomic mice and keyboards, Dictaphones and software which are all available through our equipment loan bank facility.

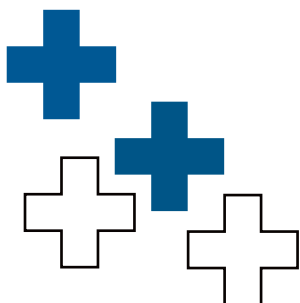

Mental Health and Well-Being

Adjusting to life as a student; dealing with coursework, exams and being away from home for the first time can be potentially stressful and may intensify any pre-existing conditions.

At UHI Moray we are aware of the stigma surrounding mental health and understand this can prevent you from disclosing or engaging with additional support which is why we have a range of support available to you during your studies with us.

- + You may ask for support through your **LDW/PAT** or **other academic tutors**, they can advise you on academic issues and signpost you to available support.
- + **HISA, our Students' Association** offer support around a range of issues and can help you talk over any of your difficulties or signpost you to those that can help further.
- + You can access a 24/7 out of hours mental health support line via **Spectrum.Life**. All calls are answered by clinically trained counsellors or psychotherapists.
- + You can visit the **Health and Wellbeing Facebook page** which offers a wealth of support, advice and information around all matters related to wellbeing and student life.
- + We work in partnership with **Moray Wellbeing Hub** to help you live life to the full, check out their resources: moraywellbeinghub.org.uk

For a full list of support visit:
moray.uhi.ac.uk/mentalhealth

Careers and Employability

At UHI we don't only help you to achieve success in the academic world, but also in translating your academic achievement to success in the working world. To do this we provide you with a range of careers and employability services.

Advice and support services

We have staff who can help you with careers and employability questions.

In addition, careers information, advice and guidance is available to all students through the **Careers and Employability Centre** using the **Handshake careers platform**. Our services are not only available to you while you are a student; as a graduate you will have access to our services for life, helping you to manage and navigate your post-university career.

Working for you

The Careers and Employability Centre works with both national and local employers to promote our students and generate job vacancies for our graduates. Our strong employer links also allow us to provide advice and guidance services that are responsive to the labour market.

Work experience and placement opportunities

Depending on the course you choose, you may have access to a structured

work placement as part of your studies. Alternatively, you may choose to apply for a placement or internship advertised by the Careers and Employability Centre, or you may wish to seek voluntary work or work experience. We can help you to identify the options that suit you.

Your course and skills for employment

Our courses are structured to enable you to develop these attributes for employment, including communication, self-management, interpersonal skills, and social awareness.

A final comment

We encourage you to start thinking about your career and employability early in your course and to engage with the Careers and Employability Centre. By getting advice, obtaining information, gaining experience, and connecting with people, you increase the likelihood that you will end up where you want to be.

For further information visit: uhi.ac.uk/careers

We are based in the ancient cathedral city of Elgin, a vibrant town with fantastic facilities and links to Inverness, Aberdeen and beyond.

Moray also has a fascinating history and culture with forts and castles, atmospheric ruins and mysterious Pictish stones to discover.

Top 10 things to enjoy in Moray

If you're re-locating to study, you'll find a warm welcome in Moray. This is a friendly, supportive community, where newcomers from all parts of the world immediately feel at home.

1

Heritage attractions

From Knockando Wool Mill to Brodie Castle, or Sueno's Stone to Cullen Viaduct, you can step back in time with Moray's rich history.

2

Moray coastal walks and beaches

Enjoy a leisurely stroll along one of the beautiful coastal trails and enjoy the 35 miles of golden sandy beaches.

3

The Malt Whisky Trail and half of Scotland's distilleries

Get a taste of world famous brands on one of many distillery tours.

4

Cairngorms

Take up hillwalking or get an adrenaline rush in Scotland's natural playground.

5

Spey Bay Dolphin Centre

Take a tour around the marine wildlife centre and see if you can spot the world's most northerly population of bottlenose dolphins.

6

Moray Leisure and Sport Centres

Get your body moving with a choice of fitness classes, swimming and gym facilities.

7

Entertainment

Immerse yourself in the latest films or enjoy a wide range of plays, concerts and exhibitions at one of our local event spaces.

8

Cooper Park

Take in the scenery around the pond and enjoy our park activities including tennis courts and bowling greens.

9

Golf Courses

Practice your swing with a game of golf at one of 18 courses, including the highest tee in Scotland.

10

Local Football Clubs

Watch nail biting matches and support our local football teams including Elgin City Football Club.

Students Association

As a UHI Moray student you are automatically a member of the Highlands and Islands Students' Association (HISA). HISA have several roles, but improving your student experience is at the heart of everything they do.

They represent the views of around 30,000 students across the UHI partnership. Through elected officers and class representatives their work is focused around:

- + Improving the quality of your course experience
- + Providing activities and clubs you can participate in
- + Working with management to ensure your learning environment is always excellent

[@TeamHISA](#)

[@TeamHISA](#)

[@TeamHISA](#)

Clubs and Societies

Being a student isn't just about studying. It's also about meeting new people, experiencing new things and developing your confidence as an individual.

HISA and our Active Campus Co-ordinator support students to set up clubs and societies,

these include:

- + Pickleball
- + Basketball
- + Volleyball
- + Moray Art and Design Society (MADS)

Moray itself has an active community with a range of community groups and clubs including:

Indie Game Squad

Indie Game Squad allows designers, developers, and gaming enthusiasts of all skill levels to discuss their projects and ideas in the indie game world (or outside of it, they're not strict), to collaborate and help other game folk.

Moray Arts Development Engagement (M:ADE)

M:ADE aims to build, adapt and respond creatively with and for local people of Moray.

They are always open to collaboration with artists, community groups, education, organisations and businesses.

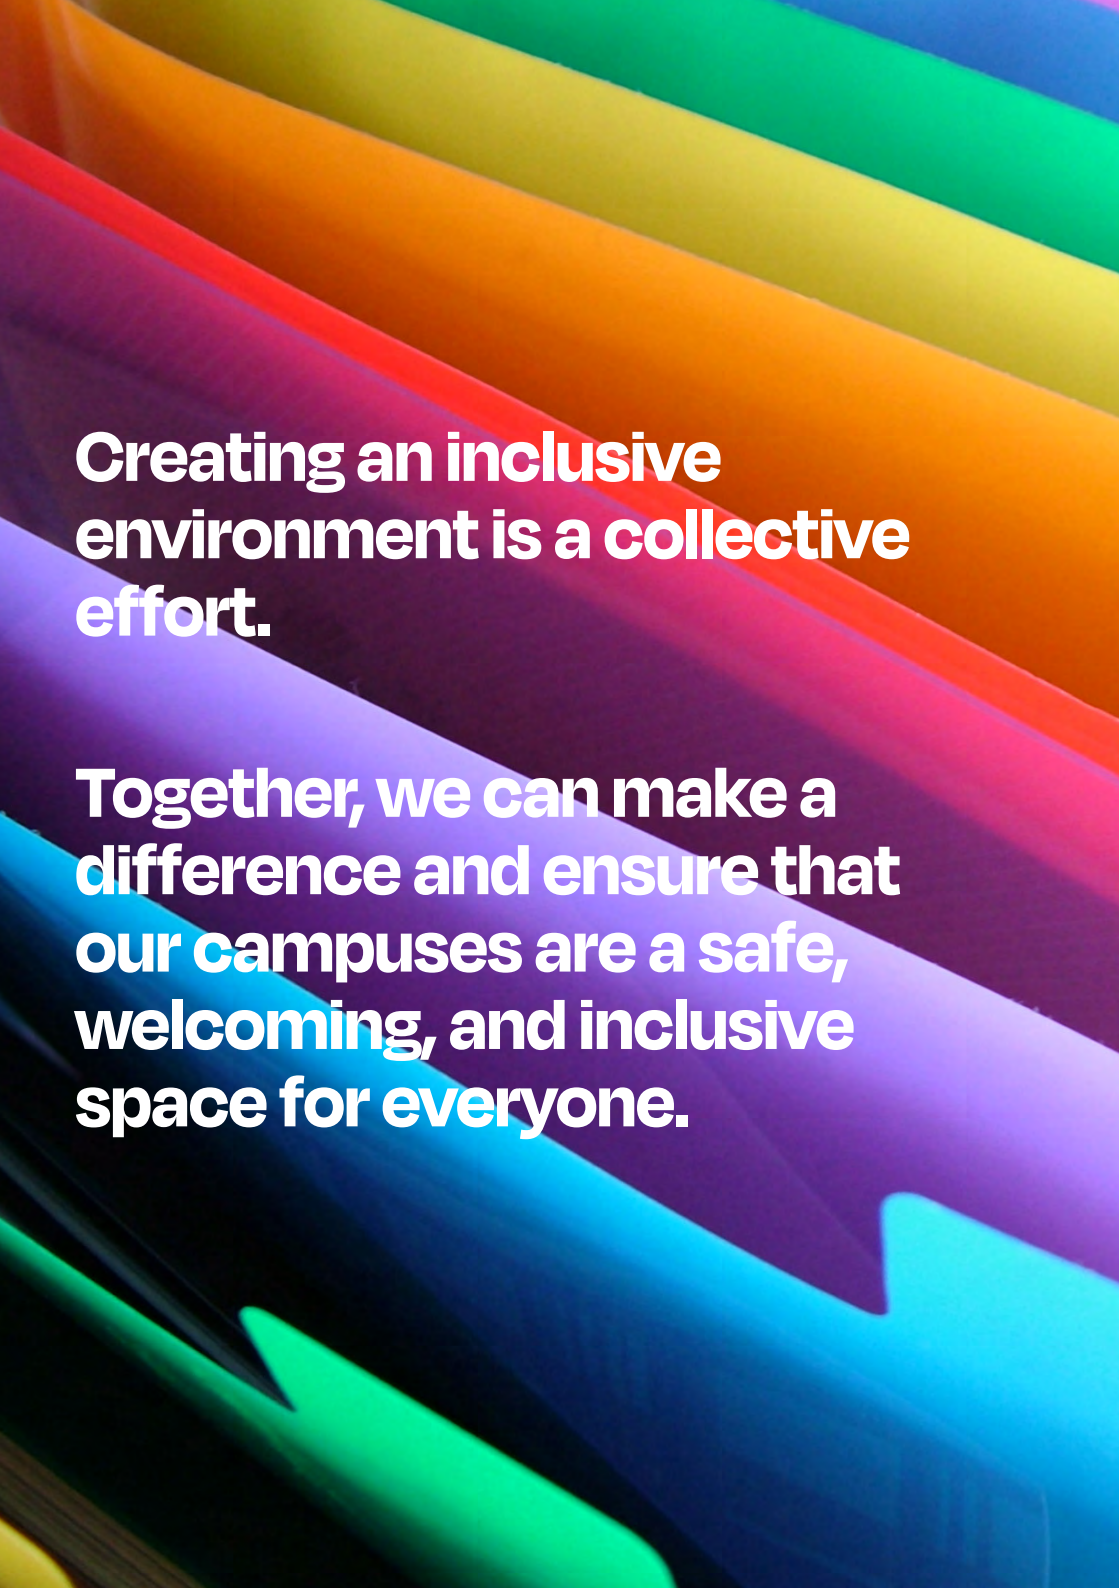

Theatre Groups

Moray is home to several performing arts groups including Elgin Amateur Dramatic Society, St Giles Theatre Company and Highland Youth Theatre.

Elgin Park Run

Elgin Park Run is a weekly 5k event for participants of all standards, which takes place every Saturday at 9:30am in Cooper Park.

They encourage people to run, jog, walk and volunteer together – this event is truly open to all and best of all it's FREE!

The background of the image consists of several overlapping, diagonal strips of color in a rainbow spectrum, including red, orange, yellow, green, and blue. These strips resemble the edges of a stack of colorful folders or documents, creating a sense of depth and movement.

Creating an inclusive environment is a collective effort.

Together, we can make a difference and ensure that our campuses are a safe, welcoming, and inclusive space for everyone.

Inclusive Campuses

We understand how important a welcoming environment is for academic and personal growth, and we strive to ensure that every student, regardless of their gender identity or sexual orientation, feels at home with us.

We encourage everyone to be active allies; this means educating yourself on LGBT+ issues, standing up against discrimination, and supporting your peers.

Scottish LGBTI+ Rainbow Mark

We have signed the **Scottish LGBTI+ Rainbow Mark** to show our commitment to ensuring our campuses are inclusive spaces for LGBT+ people.

Inclusive activities

Our Active Campus Co-ordinator, Jack, runs **inclusive and accessible activities on campus** throughout the year. Previous events have included Football vs Homophobia matches and a LGBT+ History Month sports day.

HISA host the **Pride Student Network** which is open to all UHI LGBT+ students across our partnership. The network uses Discord as an online base, and allies are also welcome to join in order to better support their peers.

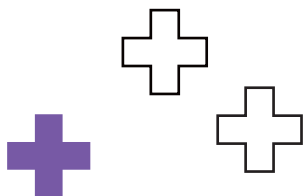

Gender-neutral toilet facilities on campus:

- + Moray Street Campus: within Moray School of Art beside the outer gallery/ room A10
- + Linkwood Technology Centre: non-gendered disabled toilets are available
- + Horticulture facility at Biblical Garden: all toilets are gender-neutral

Support for our students

All UHI Moray staff are required to complete **equality and diversity training** with further training opportunities available.

We also have a range of **general and specialist resources** designed to support LGBT+ students and staff.

Moray Street Campus

Based next to the town centre in Elgin, our Moray Street campus is home to the majority of our students.

Social Spaces

Looking for somewhere to relax, socialise or simply study? Our social spaces include:

AyePod

Our main social space, the AyePod features plenty of seating, a pool table and vending machines.

The Quad

Perfect during the warmer weather the Quad is the ideal spot to get some much-needed fresh air, explore the vegetable garden and relax.

AGBC Café

When not in use for conferences, the AGBC Café is a nice spot to eat lunch, meet friends and people watch right next to our main Reception.

Upper Reception

The perfect place to study and unwind, the upper reception social space on the first floor features comfy seats and plenty of desk space for laptops.

The Fitness Suite

We have our very own gym right here on campus used as a training facility by our sport and fitness students.

Our Fitness Suite also offers memberships to UHI Moray staff and students which includes a range of fitness classes that will take place in the Games Hall (term time only).

Salons and clinics

Our state-of-the-art training salons are the focus for our students in Hairdressing, Beauty Therapy and Complementary Therapies.

Open to the public they offer a range of treatments at educational-friendly prices.

Where to eat?

Beechtree Restaurant

The Refectory

Our town centre is a short walk away

Moray School of Art (MSA)

MSA provides an inspiring environment for creative exploration.

As one of the five major art schools in Scotland, you'll be guided by a team of highly experienced artists who will support you in experimenting with various fine art media, including painting, digital imaging, photography, drawing, sculpture, and printmaking.

You'll also benefit from generous studio spaces, specialist workshop equipment, and strong connections with external organisations. Final year students will take part in our annual Fine Art Degree Show highlighting your work in our very own gallery space.

Alexander Graham Bell Centre for Digital Health

An innovative research, education and business hub, the Alexander Graham Bell Centre for Digital Health (AGBC) is a state-of-the-art conference facility.

The Centre's teaching facilities and medical training rooms are operated by NHS Grampian for their staff. It's also home to a number of business start-ups working in digital health technologies and research.

UHI Moray Nursery

If you need to fit study around childcare, our nursery can make all the difference.

Our fully qualified and registered staff take children between 6 weeks and 5 years, giving you the confidence and time to attend lectures and concentrate on your studies. We also offer places to the general public.

For more information visit: moray.uhi.ac.uk/nursery

Linkwood Technology Centre

Located in New Elgin, our Linkwood Technology Centre campus is home to our engineering, construction and motor vehicle repair and maintenance provision.

Labs

The campus includes a number of computing suites and laboratories including:

- + An Engineering Mechanics/Materials laboratory featuring materials testing facilities
- + A CADD suite equipped with industry standard software and 3D printers for rapid prototyping
- + A dedicated pneumatic systems and control systems testing training laboratory

Workshops

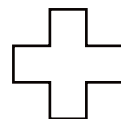

Our facility includes a large, covered project area for all-weather building work as well as:

- + Mechanical Engineering workshop including lathes, milling, grinding, fabrication and welding machines
- + Motor vehicle repair workshop
- + Equipped brickwork, carpentry and joinery, plumbing and electrical workshops

Where to eat?

You can enjoy a game of pool or relax with friends between classes at our on-site Refectory. Asda, Lidl and our town centre are all a short walk away.

Gas, Oil and Renewables Assessment Centre

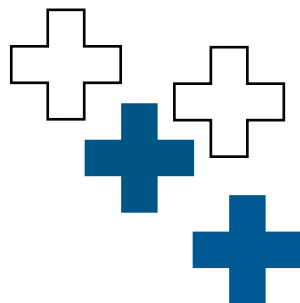

This facility offers training and assessment for industry in domestic and commercial gas fitting, LPG gas courses and OFTEC, as well as training in solar, biomass and heat pump technology, amongst other specialist skills.

Training and assessment can be tailored to suit the individual or company, and includes full time, part time and distance learning.

Biblical Garden

Our horticulture courses have a practical focus, with learning taking place at the Biblical Garden beside the iconic Elgin Cathedral.

As the first of its kind in Scotland, the Biblical Garden in Elgin was created for the people of Moray in 1996 and is described as a haven of peace that provides comfort, inspiration and education.

Our staff and students also support the Friends of the Biblical Garden who are a key partner in ensuring the garden stays open throughout the year. Their role also involves fundraising and planning events to attract visitors to the garden.

Where to eat?

With a picnic area and benches dotted throughout, the garden is the perfect place to enjoy a snack surrounded by nature. Tesco, Aldi and our town centre are all a short walk away.

Out of the Darkness Theatre Company

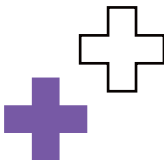

Our unique partnership sees Out of the Darkness Theatre Company (ODTC) deliver our performing and creative arts courses which prepare students for creative careers in their specific art forms or alternative employment within arts management, teaching and social professions.

When you study a performing and creative arts course with us, you get to enjoy all our campus facilities with the expertise and support of ODTC.

Students benefit from real work experience opportunities throughout their studies. The annual Pantomime sees students plan, produce, and perform in their own musical theatre production. ODTC's strong industry links with organisations such as Findhorn Bay Arts and Frozen Charlotte allow students to practice their skills in various events and plays across Moray.

Where to eat?

ODTC is located within easy walking reach of our Moray Street campus. Local supermarkets such as ASDA, The Food Warehouse, Lidl, Tesco, Aldi and our town centre are all a short walk away.

“Honestly there is nothing about my time at UHI Moray that I could fault.

Assessor and Verifier Qualifications

Contact

For more information

student.services.moray@uhi.ac.uk
moray.uhi.ac.uk
01343 576000

Our courses

These qualifications are relevant to you if you are involved in training, assessment, and verification.

Conduct the Assessment Process (SCQF Level 8)

This Professional Development Award (PDA) is for assessors of non-workplace standards such as HNs or qualifications assessed during training courses or as part of off-the-job training, providing a benchmark standard for those who assess from a wide variety of different, non-workplace settings.

Workplace Assessment Using Direct and Indirect Methods (SCQF Level 8)

This Professional Development Award (PDA) will develop knowledge and skills in preparing for, planning and carrying out assessment of individuals in the workplace. Assessor-candidates will use the following direct methods - observation, examination of work products (both created and not created at the time of observation), and questioning.

Conduct the Internal Verification Process (SCQF Level 8)

This Professional Development Award (PDA) is relevant to teachers, lecturers and tutors who may have a role in quality assuring the delivery of a range of qualifications that are assessed in a non-workplace context and in ensuring consistency of assessment decisions made within their delivering centre.

Internal Verification of Workplace Assessment (SCQF Level 8)

The Professional Development Award (PDA) in Internal Verification of Workplace Assessment will develop knowledge and skills in monitoring assessment processes and decisions within an organisation and helping to maintain and improve the quality of workplace assessment. The internal quality assurance process being conducted by the verifier-candidate can be for SVQs, work-based qualifications or in-company standards.

A woman with glasses and a dark top is performing a facial treatment on a client. She is gently touching the client's face with her hands. The client is lying down with their eyes closed. The background is a soft, out-of-focus purple.

Beauty and Aesthetic Therapies

UHI | **MORAY
MOIREIBH**

I found the mode of teaching very effective as it included a good balance of practical and theory-based learning, which helped me build confidence in my skills.

The tutors and lecturers were very supportive and approachable, always willing to help and give feedback. Their support made a big difference in my progress and helped me stay motivated throughout the course

Nalize Van Straaten, Beauty and Aesthetic Therapy (SCQF Level 6) Graduate

Our beauty and aesthetic therapies courses enable you to develop the skills necessary to work with confidence in the multi-dimensional, diverse and exciting beauty therapy sector.

With our commercial salons open to the public you will study in a realistic working environment to build practical and retailing skills.

Our courses

Face Your Future (SCQF Level 4)

Entry Requirements: Evidence you can work at National 3/4 Level in 3 subjects including English

This course is for those who may be apprehensive and require help to develop the necessary skills to engage with education and the workplace.

Beauty and Aesthetic Therapies (SCQF Level 5)

Entry Requirements: evidence you can work at National 4 level in 3 subjects (including English) OR SCQF Level 4 course

This course will allow you to develop the key skills needed to carry out a broad range of beauty therapy treatments.

Beauty and Aesthetic Therapies (SCQF Level 6)

→ Entry Requirements: Beauty Therapies SCQF Level 5 course or equivalent

These courses will allow you to carry out a robust and varied range of both manual and electrical treatments at an advanced level.

Nail Services and Enhancements (SCQF Level 5)

Entry Requirements: 3 National 4s OR SCQF Level 4 course*

This evening course will allow you to develop practical skills and theoretical knowledge in nail care, gel polish, and advanced nail enhancement techniques.

We also have a range of
hairdressing, beauty therapy and
integrative healthcare CPD courses.

*for a full list of entry requirements please visit our website

British Sign Language

UHI | **MORAY
MOIREIBH**

“It’s truly been life changing. We have learnt so much and every week I can’t wait to come back and learn more.

This course really has had a hugely positive impact on our family; it’s bringing us closer together and ultimately helping us to communicate with our beautiful girl Josie, and that’s what it’s all about.

Abby Henderson, British Sign Language
SCQF Level 3 Graduate

British Sign Language (BSL) is the first or preferred language of over 87,000 deaf people in the UK.

Whether you’re learning BSL for personal growth, professional development, or to support others, our evening courses offer a welcoming and supportive environment. Guided by experienced BSL users who bring the language to life through immersive, visual learning, you will progress from basic communication to more advanced conversational and vocational skills.

Our courses

British Sign Language (SCQF Level 3)

This 14-week course will help you to develop your language skills and enable you to communicate with BSL users in various contexts.

British Sign Language (SCQF Level 4)

This 18-week course will give you a deeper insight into the history and cultural heritage of BSL while developing your communication skills.

British Sign Language (SCQF Level 5)

This 18-week course will help you to further develop communication skills across a wider range of vocational and transactional contexts.

British Sign Language (SCQF Level 6)

This 18-week course will concentrate on the integration of productive and receptive skills in a way that reflects their use in real life.

Business, Administration and Accounting

Our business, administration, and accounting programmes develop leadership, financial, and entrepreneurial skills, with flexible study options and progression.

From book-keeping to international management, you'll be prepared for a wide range of professional roles.

UHI | **MORAY
MOIREIBH**

bit.ly/uhimbus

Our courses

Introduction to Business, Accounting and Administration (SCQF Level 5)

Entry Requirements: 3 National 4s OR SCQF Level 4 course

This course will allow you to develop a range of skills and knowledge in key business functions such as IT, administration, finance, marketing, and customer care.

HNC Accounting

Entry Requirements: Higher (C) OR A Level (D) OR relevant SCQF Level 5 course*

This course will give you an introduction to the principles of financial and management accounting.

HNC Business

Entry Requirements: Higher (C) OR A Level (D) OR relevant SCQF Level 5 course*

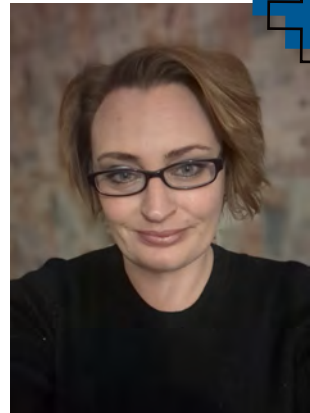

This course will give you an introduction to a wide range of business and management skills.

I was only planning to do the HND at first. However as my studies progressed and after speaking to my lecturers, I was convinced to extend my study to the degree.

The step up to the degree level wasn't as difficult as I had imagined and the support of my lecturers was invaluable.

Mel Francis, BA (Hons) Accounting and Finance Graduate

HND Accounting

Entry Requirements: Via HNC Accounting *

This course will give you an introduction to the principles of financial and management accounting.

BA (Hons) Accounting and Finance

Entry to year one, HNC Accounting: Higher (C) OR A Level (D) OR relevant SCQF Level 5 course

This course will develop your contextual, theoretical, and technical skills preparing you for a successful career in accounting and finance.

BA (Hons) Business and Management

Entry Requirements: Higher (CCC) OR A Level (CC) *

This course provides the fundamental knowledge and skills required for the contemporary business environment.

HND Administration and Information Technology

Entry Requirements: Higher (C) OR A Level (D) *

This course will give you an introduction to the principles of financial and management accounting.

We also offer industry specific courses in:

- + Financial Accounting
- + Business and Finance
- + Responsible Leadership and Management for Contemporary Business
- + Renewable Energy Project Management

*for a full list of entry requirements please visit our website

Computing and Digital Media

Designed for those who are curious about the digital world, our computing and digital media courses are created to strengthen your knowledge in a variety of areas such as computer hardware and IT security, interactive media, software and web development, and games design.

UHI | **MORAY
MOIREIBH**

Our courses

Computing and Digital Media Media: Introduction (SCQF Level 5)

Entry Requirements: 3 National 4s OR SCQF Level 4 course

This course will allow you to develop a range of skills and knowledge relating to computer hardware, website design, game development and multimedia.

NC Computing with Digital Media (SCQF Level 6)

Entry Requirements: National 5s (BBDD - including literacy based subject) OR Computing and Digital Media: Introduction (SCQF Level 5)

This course will strengthen and extend your knowledge in a range of disciplines, both practical and theoretical including digital media and software and web development.

HNC Computing

Entry Requirements: Higher (C) and 3 National 5s OR A level (D) and 3 GCSEs at grade 4*

These courses will develop your knowledge of software development, technical support, networking and web development.

HNC Digital Design and Web Development

Entry Requirements: Higher (C) OR A level (D) OR NC Computing with Digital Media (SCQF Level 6)*

This course combines creative and technical training to build professional skills in digital media production.

HN Cluster: Software Development

Entry Requirements: Higher (C) OR NC Computing with Digital Media (SCQF Level 6)*

This course provides an introduction to software development and testing.

HN Cluster: Graphic Design and Digital Marketing

Entry Requirements: Higher (C) OR NC Computing with Digital Media (SCQF Level 6)*

This course will provide you with digital marketing strategies and graphic design fundamentals.

HND Computer Science

Entry Requirements: Higher (C) and 3 National 5s OR A level (D) and 3 GCSEs at grade 4*

This course allows you to demonstrate competency in a wide range of related skills such as design and implementation of applications.

BSc (Hons) Computing

Entry Requirements: Higher (C) OR A Level (D) PLUS 3 National 5s or equivalent

This course develops your core skills in software development, networking, and cybersecurity, with options to specialise and gain real-world project experience.

BSc (Hons) Interactive Media

Entry Requirements: Higher (C) OR A Level (D) OR NC Computing with Digital Media (SCQF Level 6)*

This course will allow you to experience and understand the development of interactive and digital media products.

BSc (Hons) Applied Software Development

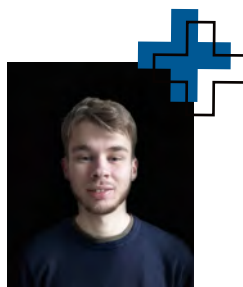

Entry Requirements: Highers (CCC) OR A Levels (CC)*

This course will allow you to apply software to real-world challenges across a wide range of industries and communities.

I started on Digital Design and Web Development and then moved onto the Interactive Media degree.

The best part was working with real clients such as DYW Moray and Moray Game Jam; it was fantastic getting to work with them on basic branding up to designing websites and marketing materials. It really helped cement the idea of what I wanted to do in the future.

Nathan Moir, BSc (Hons) Interactive Media Graduate

Construction

UHI | **MORAY
MOIREIBH**

It feels good to have won, having put in a lot of hours to get here, and it's really paid off. I knew it would be close between me and another competitor as he was also in the competition last year. It's a great personal accomplishment for me

Fraser Graham, Apprentice

Frazer Graham took first place in the Leadword category of the 50th anniversary Scottish Plumbing Apprentice of the Year (SPAY 50) competition

Based at our Linkwood Technology Centre, our construction courses combine academic theory with real-world experiences. Led by experienced professionals, you will gain practical experience using the tools, materials, and techniques of the trade.

Our courses

NPA Construction: Carpentry and Joinery (SCQF Level 5)

Entry Requirements: 3 National 4s (including Maths) OR Foundation Apprenticeship in Construction*

This course will introduce you to productive work practices, health and safety and a variety of carpentry and joinery skills.

NPA Construction: Carpentry and Joinery (SCQF Level 5)

Entry Requirements: 3 National 4s (including Maths) OR Foundation Apprenticeship in Construction*

This course will introduce you to productive work practices and bricklaying techniques and theory.

Built Environment (SCQF Level 5)

Entry Requirements: 3 National 4s (including Maths) OR SCQF Level 4 course

This course is designed to develop your skills in joinery, plumbing and electrical installation.

HNC Construction Management

Entry Requirements: Higher (C- including Istem based subject) OR A Level (D - including stem based subject)*

This course will give you the knowledge and skills enter the construction industry at a supervisory level.

PDA in Carpentry and Joinery (SCQF Level 7)

Entry Requirements: PDA (SCQF Level 6) or SQV in a relevant trade AND in full-time employment

This course will equip you with an increased knowledge and understanding of carpentry and joinery.

We also offer a range of Apprenticeships and SVQs which combine work with study

Counselling

Whether you're exploring counselling for personal development or aiming to become a qualified practitioner, our counselling courses provide the expert knowledge, skills, and support needed to grow both personally and professionally.

UHI | **MORAY
MOIREIBH**

Our courses

Counselling: An Introduction (SCQF Level 5)

This short course will allow you to gain an understanding as to the purpose, basic concepts and processes of counselling.

Counselling Theory for Practice: An Introduction (SCQF Level 6)

This short course will introduce you to the main theoretical schools of counselling.

HNC Counselling

Entry Requirements: relevant SCQF Level 6 course OR work experience*

This course combines theoretical approaches with practical skills development.

Please note: this course does not qualify you to practice counselling.

HN Cluster:

Relationship-Centred Counselling Skills

Entry Requirements: well-developed communications skills and relevant experience.

This course will allow you to examine different theoretical concepts of counselling and develop foundational counselling skills.

The courses have had an impact in many ways but if I had to narrow it down and really reflect on it, I guess I know a lot more about myself because of them.

It's also helped me to grow confidence, and my people skills have got better. I can now do public speaking as well which I could have never done before.

Vikki King, Counselling Theory for Practice: An Introduction Graduate

HND Counselling

Entry Requirements: Only available via HNC Counselling

→ This continuation of the HNC is designed to strengthen your reflective skills, self-awareness, and assertiveness, and learn the best approaches for dealing with challenges. You will also complete supervised practice hours to apply your learning.

This course meets the British Association for Counselling and Psychotherapy (BACP) requirements for individual entry to the professional register.

BSc (Hons) Counselling

Entry Requirements: HND Counselling OR Diploma in Counselling OR relevant SCQF Level 8 or above

→ This course allows you to develop an integrative and trauma-informed approach which enables you to work effectively across diverse contexts and clients.

COSCA Certificate in Counselling Skills (CPD Award SCQF Level 8)

Entry Requirements: Group Interview AND short written exercise*

This course improves and strengthens your communication and listening skills while enhancing your current role. This CPD course also acts as a stepping stone for further study.

PDA in Addiction Counselling

Entry Requirements: experience in addiction or counselling AND good standard of communication skills OR English at SCQF Level 6 or above

This course focuses specifically on the complexities of addiction and recovery, you will be encouraged to take a holistic approach that considers social, emotional and personal factors as well as physical ones.

PDA in Counselling: Children and Young People (10 to 18)

Entry Requirements: Completed or working towards a SCQF Level 8 qualification AND minimum of 100 hours of counselling practice AND registered professional body member *

This course examines child and adolescent development, trauma, safeguarding, ethical practice, and specialist counselling approaches designed for 10–18 year olds.

Education and Childcare

Our education and childcare courses offer a clear and supportive pathway into early years education, teaching, and youth work.

Whether you're just starting out or looking to advance your career, these courses combine academic study with real-world experience.

Our courses

Childhood Practice (SCQF Level 5)

Entry Requirements: 3 National 4s OR SCQF Level 4 course*

This course will introduce you the knowledge and skills required for a range of roles within the early years' sector.

Childhood Practice (SCQF Level 6)

Entry Requirements: National 5s (BBDD - including English) OR SCQF Level 5 course*

→ This course will develop and enhance your knowledge, skills and competencies in working with children in a Childhood Practice setting.

HNC Childhood Practice

Entry Requirements: Higher (CC - including English) OR A Level (D - including English) *

→ This course will give you a deep understanding of working with children and young people and integrate knowledge and theory into practice.

I took a year out then applied for the degree which was taught completely online meaning I could stay in employment.

The course was flexible and could be worked on in your own time, so if you didn't have a lot of time one week you could easily catch up later. The staff were so helpful and I couldn't thank them enough for helping me on my journey.

Alana Slater, BA Childhood Practice Graduate

BA (Hons) Childhood Practice

Entry Requirements: Two years minimum work experience AND a recognised SSSC practitioner qualification *

This online course offers you the opportunity to relate theory to real working practice and investigate, in-depth, an area of interest to you.

BA (Hons) Child and Youth Studies

Entry Requirements: Higher (OCC) OR A Level (CC) *

This online course allows you to gain a deep understanding of child and youth issues within a local and global context.

BA (Hons) Child and Youth Studies with Community Learning and Development

Entry Requirements: Higher (OCC) OR A Level (CC) *

This online course develops your understanding of the values, differences, and diversity within individuals and communities.

PGDE Primary/Secondary Teaching

Entry Requirements: Visit our website for more details

These courses allow you to combine study and work experience as you develop the skills you need to work in teaching.

PgCert Teaching Qualification Further Education

Entry Requirements:
Employment within an tertiary institution*

This online course will equip you with the knowledge, skills and attributes to support your registration with the General Teaching Council of Scotland as a lecturer.

We also offer a range of CPD, Apprenticeships and SVQs which combine work with study

Engineering

Whether you're interested in automotive, mechanical systems or electric design, our engineering courses provide the hands-on experience and technical knowledge needed to succeed.

Based at our Linkwood Technology Centre, you will benefit from access to industry-standard workshops and equipment where learning mirrors real-world engineering settings.

Our courses

Engineering: An Introduction (SCQF Level 4)

Entry Requirements: Evidence of work at National 3/4 level in Maths*

This course will allow you to develop practical skills across a range of mechanical, electrical and electronic subjects.

NC Electronic Engineering (SCQF Level 5)

Entry Requirements: 3 National 4s (including English and Maths) OR relevant SCQF Level 4 course *

This course will allow you to develop knowledge and skills in electrical principles, electronics, and electrical test equipment and measurement.

NC Engineering Practice (SCQF Level 5)

Entry Requirements: 3 National 4s (including English and Maths) OR relevant SCQF Level 4 course

This course will allow you to gain a range of skills across core mechanical engineering disciplines.

IMI Diploma in Light Vehicle Maintenance and Repair Principals (SCQF Level 5)

Entry Requirements: 3 National 4s (including English and Maths) OR Engineering: An Introduction (SCQF Level 4)*

This course will provide you with the underpinning knowledge and skills required for the motor vehicle engineering industry.

NC Engineering Systems (SCQF Level 6)

Entry Requirements: National 5s (BBDD - including Maths) OR SCQF Level 5 course*

→ This course provides a thorough grounding in the engineering principles and is ideal if you would like to pursue a career at technician level.

When you apply for this course you will choose to either follow a mechanical or electronic engineering route.

We also offer a range of CPD, Apprenticeships and SVQs which combine work with study

HNC Engineering Systems

Entry Requirements: Higher (C - in Maths or Physics) OR A level (D - in Maths or Physics)*

This course will give you the required technical training to be a technician in design, research, development and service support.

PDA Engineering

Entry Requirements: Visit our website for more details

This course will enable you to gain the practical skills needed to work successfully within the engineering sector.

Winning the Scottish Engineering Modern Apprentice of the Year award is, without doubt, my proudest accomplishment.

It stands as proof that no matter how tough things may seem in the beginning, with determination and the right support, success is always possible.

Katie Wallace, Engineering Apprentice and winner of the Scottish Modern Apprentice of the Year 2025

Our courses

ESOL qualifications provide you with opportunities to gain better employment prospects and to advance onto Further and Higher Education.

English for Speakers of Other Languages (ESOL)

We offer ESOL courses for all levels, from beginners to advanced. When you apply, our friendly team will assess your current English skills and help you work towards a qualification ranging from SCQF Level 2 to SCQF Level 6.

We came to Scotland in 2022, fleeing the war in Ukraine. We did learn some English in Ukraine, but to be honest we weren't using and practising English and never imagined that we would end up living in Scotland and that English would become so important to us.

The flexibility has allowed us to do our English studies while also working full-time. The biggest impact that this course has had on our lives is that we have finally achieved our dream of starting our own sushi business here in Scotland! We could not have imagined doing this previously, but as our English improved, our confidence increased and we realised that we could make this dream a reality.

Andrii Pavlov & Daria Prychymlieieva, English for Speakers of Other Languages Graduates

Essential Skills

UHI | **MORAY
MOIREIBH**

I had been out of education for 20 years but wanted to prove to myself I was capable.

The course boosted my self confidence and helped me see writing in a different light. My tutor was FANTASTIC, always there with answers and guidance when I needed it.

Sean Mayne, Higher English Graduate

Our essential skills courses are designed to build your core abilities in English and Maths and strengthen your communication, numeracy, and problem-solving for progression into further study including teaching programmes.

Our courses

National 5 Maths

This part-time course will strengthen your confidence when working with calculations and help you understand how the world around you works.

National 5 Application of Maths

Entry Requirements: National 4
Application of Maths

This part-time course explores the applications of mathematical techniques and skills in everyday situations, including financial matters, statistics, and measurement.

National 5 English

Entry Requirements: National 4 English

This course will help you improve and develop your skills in all aspects of our wonderfully rich language.

Higher English

Entry Requirements: National 5 English

This course will enhance your language abilities and critical understanding through close reading of complex written materials and the study of great literary works.

First Aid

UHI | **MORAY
MOIREIBH**

moray.uhi.ac.uk/firstaid

It just felt important to learn the skills that could make a real difference in an emergency, whether that's at work or out and about.

UHI Moray has a friendly, hands-on approach that makes everything feel practical and real, and I liked the idea of learning from people who know what they're doing. For me, it's about being someone others can rely on when things get a bit scary - and that feels like a pretty good reason to do it.

Ben Henderson, Emergency First Aid at Work

We offer a range of first aid options, including First Aid Industry Body (FAIB) approved courses.

FAIB validate our training and ensure standards are maintained in accordance with the Health and Safety (First Aid) Regulations 1981. If you are looking for guidance to address first-aid provision in the workplace contact us or view the guidance notes for the Health and Safety at work First Aid regulations (1981).

All courses provide an overview of the use of an AED (Defibrillator).

Our courses

First Aid at Work

Duration: 18 hours

Cost: £150

This course develops your essential knowledge and practical skills in all areas of first aid, including incident management, recovery techniques, life-threatening bleeding and responding to emergencies in the workplace.

First Aid at Work Requalification

Duration: 12 hours

Cost: £90

This course enables you to update your first aid skills and renew your First Aid at Work certification for a further three years.

Childcare First Aid

Duration: 6 hours

Cost: £60

This course is designed to give you the essential knowledge and practical skills in first aid, including resuscitation, recovery techniques, life-threatening bleeding and responding to emergencies involving children.

Emergency First Aid at Work

Duration: 6 hours

Cost: £60

This course allows you to gain essential knowledge and practical skills in first aid, including resuscitation, life-threatening bleeding, burns, dealing with shock and responding to everyday medical emergencies.

This course is also available as a two-day evening option.

Childcare First Aid for Confident Grandparents

Duration: 6 hours

Cost: £60

This course covers a range of emergency situations and treatments that will build your confidence and enable you to learn skills to help deal with emergency situations, common ailments, life-threatening bleeding and accidents involving children.

Resuscitation Skills

Duration: 3 hours

Cost: £40

This course is designed to provide an introduction to First Aid and resuscitation for those with no formal training and to provide the annual skills update for holders of the First Aid at Work and Emergency First Aid at Work certificates.

Automatic External Defibrillator (AED) Users

Duration: 3 hours

Cost: £40

This course introduces you to the use of an Automatic External Defibrillator (AED) and Resuscitation in the work place in line with the latest UK Resuscitation Council Guidelines.

Onsite First Aid

We also offer onsite First Aid courses at your workplace for up to 12 employees across Moray, Inverness and Aberdeenshire.

Hairdressing and Barbering

Our hairdressing courses offer a creative and practical route into one of the most dynamic and people-focused industries.

Providing hands-on training in a professional salon environment, you will build confidence, technical ability, and industry knowledge.

Our courses

Hairdressing - Introduction to Foundation (SCQF Level 4)

Entry Requirements: evidence you can work at National 4 Level in 3 subjects (including English)

This course will allow you to develop practical skills and theoretical knowledge in colour, styling and salon assistantance.

Hairdressing - Foundation (SCQF Level 5)

Entry Requirements: 3 National 4s (including English) OR Hairdressing - Introduction to Foundation (SCQF Level 4)

This is a practical hands-on course providing you foundation training including basic cutting and colouring.

I have done the SCQF Level 4 and 5 Hairdressing courses at UHI Moray and am now doing the SCQF Level 6.

The support I received was amazing. I wouldn't have progressed each level without the support I had.

The atmosphere is really nice and calming. I enjoy waking up knowing I'm going to college.

Rebecca Stephenson, Hairdressing Current Techniques (SCQF Level 6) Student

Hairdressing - Current Techniques (SCQF Level 6)

Entry Requirements:
Hairdressing - Foundation (SCQF Level 5) OR 3 years industry experience

These courses will allow you to build on your foundation basic cutting and colouring skills enabling you to enhance your creative cutting, colouring, and styling skills.

HN Cluster: Hairdressing - Specialised Hair and Scalp Treatments (SCQF Level 7)

Entry Requirements:
Hairdressing - Current Techniques (SCQF Level 6) or equivalent OR industry experience

This part-time course has been designed to build on your understanding of the structures and functions of the hair, skin, and scalp products and treatments available.

HN Cluster: Barbering - Creatively Cut and Shape Facial Hair (SCQF Level 7)

Entry Requirements:
Foundation in Barbering SCQF Level 5 or equivalent OR industry experience

This part-time course has been designed to build on and enhance your current facial barbering skills.

We also have a range of hairdressing, beauty therapy and integrative healthcare CPD courses.

Hospitality and Tourism Academy

UHI | MORAY
MOIREIBH

“

I started with NPA Bakery and I found myself popping through to the kitchen next door and saw that they were doing Professional Cookery and thought I need to be doing that!

The reason why I absolutely love this course is because the way in which the theory is blended with the practical. I've learnt so much and much more in different ways than I thought I was going to.

Laura Baker, Professional Cookery Graduate

Our Hospitality and Tourism Academy (HATA) offers you the opportunity to train at our on-campus Beechtree Restaurant. Combining practical experience with theory, the restaurant is a fully operational, public-facing venue that provides invaluable experience in professional kitchen and front-of-house roles.

Our courses

Hospitality Operations (SCQF Level 5)

Entry Requirements: 4 National 4s (including English) OR NPA Profesional Cookery*

This course will provide you with an overview of the hospitality industry with a focus on key skills common to all customer-facing and professional kitchen roles.

Hospitality Operations (SCQF Level 6)

Entry Requirements: 4 National 5s (including English) OR relevant SCQF Level 5 course*

This course will provide you with hands on experience in both kitchen and food and beverage roles.

NC Professional Cookery - Day Release (SCQF Level 5)

Entry Requirements: Employment in a professional kitchen

This course focuses on building and refining existing preparation and cookery skills.

NC Professional Cookery - Day Release (SCQF Level 6)

Entry Requirements: Employment in a professional kitchen

This course provides you with the opportunity to hone existing practical skills and build on theory knowledge within professional cookery.

hata

Health, Social Care and First Aid

Designed for individuals who want to make a meaningful difference in people's lives, our health and social care courses blend practical skills with theoretical knowledge.

Our courses

Health and Social Care (SCQF Level 6)

Entry Requirements: 4 National 5s BBDD (including English at B) OR relevant SCQF Level 5 course

This course will allow you to understand the issues faced by the health and social care sectors.

SWAP Access to Nursing and Social Work (SCQF Level 6)

Entry Requirements: out of full-time education for at least three years*

This course will allow you to gain skills and knowledge to help you progress onto further study or into employment.

HNC Healthcare Practice

Entry Requirements: 2 Highers (CC) OR A Level (C)*

This course will give you the required skills and knowledge to take advantage of the different career opportunities in nursing, health and allied health professions.

You can also choose to study our degree link course for access onto year two of BSc Adult or Mental Health nursing within UHL.

HNC Social Services

Entry Requirements: 2 Highers (CC) OR A Level (C)*

This course will give you the understanding of the values and principles of social services and learn how to integrate them in line with Scotlands Health and Social Care Standards and the Scottish Social Services Council Codes of Practice.

I progressed onto the SCQF Level 6 course and then the HNC.

The course has given me real life experiences with placement and has allowed me to grow as a person, as well as giving me the qualifications I need to move onto a Children's Nursing degree.

Alex Ross, HNC Healthcare Practice Graduate

BA (Hons) Health and Social Studies

Entry Requirements: 3 Highers (CCC)
OR 2 A Levels (CC)*

This online course focuses on topical health issues including sociology, psychology, public health, rural health issues, health care ethics and the integration of health and social care in design, research, development and service support.

Digital Essentials for Carers (SCQF Level 6)

Entry Requirements: Visit our website for more details

This online course allows you to build confidence and practical skills in using digital tools to enhance care, protect personal data, and support independent living.

HN Cluster: Health and Social Care (SCQF Level 7)

Entry Requirements: Evidence you can work at SCQF Level 7*

This course will enable you to build the skills and knowledge needed to progress to a higher level of study in the Health and Social Care subject areas.

PDA Health and Social Care: Administration of Medication

Entry Requirements: Literary subject at SCQF Level 5 AND SVQ 2/SVQ 3 Health and Social Care

This course is an essential part of training for all carers involved in the administration of medication in care homes, residential care or care at home services.

We also offer a range of
Apprenticeships and SVQs which
combine work with study

*for a full list of entry requirements please visit our website

First Aid Courses

We offer a range of first aid courses including:

- + First Aid at Work
- + Emergency First Aid at Work
- + Childcare First Aid
- + Resuscitation Skills
- + Automatic External Defibrillator (AED) Users

A close-up photograph of two white flowers with prominent yellow centers and stamens. The petals are soft and layered, with some showing slight yellowing at the base. The background is a blurred green, suggesting foliage.

Horticulture

UHI | **MORAY
MOIREIBH**

I chose UHI as I could stay at home, and still study what I am interested in.

The mix of delivery styles allows teaching by experts across Scotland, so the best knowledge is passed on. I was really happy with the practical teaching, something employers really want to see. The class gathering weekly allowed us to enjoy the social aspects of education as well.

Gallia Cochrane, HNC Horticulture Graduate

Based at the Biblical Garden our Horticulture courses offer hands-on experience in plant care, garden design, and landscape maintenance for those passionate about plants, sustainability, and working outdoors.

Our courses

Tree Identification

This 2-day course will allow you to explore the features used to identify trees and the basics of botanical plant naming.

Horticulture (Practical) (SCQF Level 5)

Entry Requirements: 3 National 4s OR SCQF Level 4 course

This course will allow you to develop advanced practical skills and theoretical knowledge in horticulture, covering areas such as plant propagation, garden maintenance, and turf care, while offering real-world experience.

NQ Environmental Science and Sustainability (SCQF Level 6)

Entry Requirements: 4 National 5s (BBDD) OR relevant SCQF Level 5*

This course will allow you to develop your practical investigative and experimental skills across a range of topics in Horticulture and Science.

HNC Horticulture

Entry Requirements: Higher (C) OR A Level (D)*

This course will provide you with practical and theoretical knowledge in the world of commercial horticulture and landscaping.

Integrative Healthcare

UHI | **MORAY
MOIREIBH**

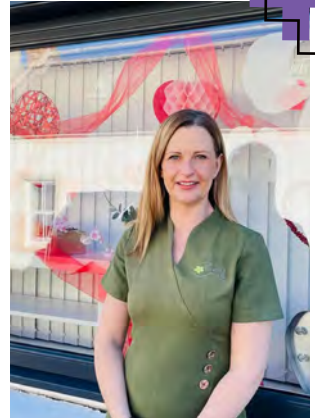

I applied for this course as it's the only one of its kind in Scotland!

I did my HND 20+ years ago meaning I was able to fast track into 3rd year of the degree.

The course has fitted around my work and my life, fitting in studying as and when I can. The lecturers are really encouraging and very supportive and clearly have a passion for what they do.

**Kerry McKay, BSc(Hons) Integrative
Healthcare Graduate**

Offering a holistic approach to health and wellbeing, our Integrative Healthcare courses combine complementary therapies with evidence-based healthcare practices.

We are also recognised as an Association of Reflexologists (AoR) Gateway School which gives you assurance of quality and excellence in training.

Our courses

We also have a range of hairdressing, beauty therapy and integrative healthcare CPD courses.

Access to Integrative Healthcare and Sports Therapy (SCQF Level 6)

Entry Requirements: 3 National 4s OR SCQF Level 4 or 5 course

This course allows you to gain foundational knowledge and practical skills in body massage, soft tissue therapy and sports therapy.

Essential Massage Skills : Integrative Healthcare, Soft Tissue and Sport Therapy (SCQF Level 6)

Entry Requirements: 3 National 4s OR SCQF Level 4 or 5 course

This course allows you to gain foundational knowledge and practical skills in body massage, soft tissue therapy and sports therapy.

Digital Essentials for Carers (SCQF Level 6)

Entry Requirements: Visit our website for more details

This online course allows you to build confidence and practical skills in using digital tools to enhance care, protect personal data, and support independent living.

BSc (Hons) Integrative Healthcare

Entry Requirements: 3 Highers (OCC) OR 2 A Levels (CC)*

This course will provide you with a comprehensive understanding of complementary therapies, research and healthcare, while enhancing your analytical, critical-thinking and problem-solving skills.

Performing Arts

UHI | **MORAY MOIREIBH**

These courses have driven me to be a better performer, I have expanded massively on my knowledge, skills and experience, its safe to say that I know a lot more about the performing arts industry than when I started.

I have always found learning rather difficult but during my studies at UHI I was not afraid to ask for help, I was listened to and supported.

DJ Roy, HNC Acting and Performance
Graduate

When you study a performing and creative arts course with us, you get to enjoy all our campus facilities with the expertise and support of Out of the Darkness Theatre Company.

Throughout your studies you'll have multiple opportunities to showcase your talent, helping you to build your confidence. Throughout the year, you'll also take part in theatre and industry trips, gaining valuable insights and inspiration from real-world experiences.

Our courses

University of the Arts London (UAL) Awarding Body: Level 3 Diploma in Performing and Production Arts

Entry Requirements: 2 National 5s OR NPA in Acting and Performance *

This course is designed to give you a practical pathway into the industry with a focus on Musical Theatre, combining acting, singing, and dance at an entry level. You will also have the opportunity to take part in three live performances.

HNC Acting and Performance

Entry Requirements: Highers (CC- including English) OR A Levels (DD) AND 4 National 5s (CCCC)*

This course will develop your core skills in acting, voice, movement as you explore devised and text-based performance. You will also have the opportunity to stage a full-length production and collaborate on ensemble work.

HND Acting and Performance

Entry Requirements: HNC Acting and Performance AND audition *

This course is designed to strengthen your technique and artistic confidence through a series of advanced projects that prepare you for professional performance contexts. This course is physically demanding and requires stamina, focus, and full participation.

*for a full list of entry requirements please visit our website

Other creative courses

BA (Hons) Creative Writing in the Highlands and Islands

Entry requirements: Highers (BBC- including English at B) OR A Levels (BC- including English at B)*

This online course gives you a solid grounding in the creative principles, in both form and structure of four of the main areas of creative writing within the context of Scotland.

BA (Hons) Applied Music

Entry Requirements: Highers (ABB) OR A Level (B)*

This online course will enable you to develop your mobility and versatility as a practitioner in music or sound production, with multi-venue delivery and compulsory residential sessions.

MA Music and the Environment

Entry Requirements: Relevant honours degree*

This online course will enable you to develop new paths for creative, entrepreneurial and environmentally work within your own community, establishing effective and successful contributions to their local economy.

Science and the Environment

Designed for those with a passion for the natural world, our science and the environment courses combine academic study with hands-on experience to prepare you for a wide range of careers in science, sustainability, and environmental management.

Our courses

National 5s in Biology, Chemistry and Environmental Science

These part-time courses provide a broad-up-to-date knowledge and skills within these disciplines allowing you to progress onto further study.

Highers in Biology, Chemistry and Environmental Science

Entry Requirements: 1 National 5*

These part-time online courses will allow you to develop your curiosity, interest and enthusiasm in these disciplines preparing you for employment or further study.

Higher Human Biology

Entry Requirements: 1 National 5*

This course provides a great range of human biology topics covering cellular process, genetics, reproductive and cardiovascular systems and diseases as well as immunology and neurobiology.

*for a full list of entry requirements please visit our website

We also offer a range of Apprenticeships and SVQs which combine work with study

NQ Environmental Science and Sustainability (SCQF Level 6)

Entry Requirements: 4 National 5s (BBDD) OR relevant SCQF Level 5*

This course will allow you to develop your practical investigative and experimental skills across a range of topics in horticulture and science.

HNC Bioscience

Entry Requirements: Higher (C - including a Science subject) OR A Level (D - including a Science subject)*

This course provides an introduction to the theoretical and practical aspects of modern sciences as you explore a wide range of scientific topics and develop essential lab and research skills.

“**Learning from both the views of science and horticulture and how they interconnect has been incredibly interesting. The saying “there is no such thing as a stupid question” has felt so true in this course, as everything asked is taken and turned into a learning experience, and the lecturer’s enthusiasm is contagious.**

Tasmin Robertson, NQ Environmental Science and Sustainability Graduate

Senior Phase

UHI | **MORAY
MOIREIBH**

bit.ly/uhi-msch

Study at college whilst at school

“I had never done anything of that level before and discovering that I was able to meet the deadlines and expectations of the client, with the help and support from my lecturer, was a fantastic way to grow my confidence and allowed me to meet new people in a comfortable and welcoming environment while furthering my interest and knowledge of the Digital Media subject area.

Sophie Thornton, Foundation
Apprenticeship in Creative and Digital
Media Graduate

Delivered at either our Moray Street campus, Linkwood Technology Centre campus or online, our senior phase programme gives you a chance to experience student life and discover exciting new subjects before you leave school.

You can study one day per week on campus while continuing with your normal school classes the rest of the time.

We work closely with secondary schools to deliver a range of qualifications giving you greater choice in a variety of subject areas. Our aim is to give you access to a work-relevant educational experience so you can make informed and ambitious choices about future pathways into education or employment.

How it works

Senior pupils can pick a college subject alongside their school studies. These courses count as one of your school column choices in S4, S5, and S6 and can be added into your existing school timetable.

- + Choose to study a Skills for Work, National Progression Award, National 5 or Higher qualification in a wide range of subjects, or get a head start in higher education by studying HN or degree modules.
- + A Foundation Apprenticeship at SCQF Level 6 will give you skills and knowledge through work-based learning, as well as traditional study.

The senior phase courses normally run on a Wednesday from 9.30am to 2.15pm and aim to get you back to school for your last period. Some of our Foundation Apprenticeship and SCQF Level 5 and 7 courses day and times may vary.

**Senior Phase
Course**

College/University

Employment

**Foundation
Apprenticeship**

**Modern
Apprenticeship**

Foundation Apprenticeships

Foundation Apprenticeships (FA) aim to give young people experience of the world of work and gain industry knowledge while still at school.

There are various subjects to choose from and all are designed in partnership with employers. They are mainly delivered over 1 year depending on the specific framework.

Contact

Social Sciences

Our social sciences courses allow you explore a rich blend of disciplines including criminology, history, politics, psychology, and sociology while gaining insights into how societies function and how individuals interact within them.

Our courses

NC Social Sciences (SCQF Level 5)

Entry Requirements: 3 National 4s (including English/ESOL and a social subject) OR relevant SCQF Level 4 course*

This course provides a foundation understanding of what society and social behaviour are all about and the opportunity to examine your own life and lives of others.

NC Social Sciences (SCQF Level 6)

Entry Requirements: 4 National 5s (including English/ESOL and a social subject) OR relevant SCQF Level 5 course*

This course will allow you to achieve a greater understanding of humanities and society and gives you the tools to understand the meaning behind our actions.

I started with the SCQF Level 5 in Social Sciences course and have worked my way up to a Master's degree.

Originally I was interested in the psychology aspect, but being at UHI Moray has made me realise I'm interested in the sociology and criminology side. The highlight for me has been the amazing lecturers who helped me grow as a person.

Jason Bray, MSc Applied Social Sciences:
Globalisation and Crime Graduate

HNC Social Sciences

Entry Requirements: 1 Higher (C - including English or a social subject)
OR A Level (D)*

This course will help you investigate and examine the areas of our lives that we can and cannot control and gain the skills and knowledge required to seek out objectivity and fact.

PDA Psychology/ Sociology/Politics

Entry Requirements: 1 Higher (including English/ESOL or a social subject) OR A Level (C)*

These courses allow you to develop your understanding, on academic and practical levels in either Psychology, Sociology or Politics.

BA (Hons) Social Sciences

Entry Requirements: 3 Highers (BBC) OR 2 A levels (BC)*

This online course will allow you to study society, its people and institutions, giving you an insight into the everyday life of our communities and workplace.

Humanities Single and Joint Honours Degrees

We also offer a range of degrees which can be studied as Single or Joint Honours degrees.

Joint Honours programmes give you the opportunity to combine two subjects, which complement your interests or career goals.

Sport and Fitness

Our sport and fitness courses are designed to offer a practical and inspiring route into the industry if you are passionate about health, performance, and helping others achieve their full potential.

UHI | **MORAY
MOIREIBH**

Our courses

Sport and Fitness: Preparing for the Uniformed and Emergency Services (SCQF Level 5)

Entry Requirements: 3 National 4s (including PE)*

This course is designed to prepare you for a career in the uniformed and emergency services where you will have the opportunity to learn in both real-time and simulated environments.

Sport and Fitness (SCQF Level 6)

Entry Requirements: 2 National 4s and 2 National 5s (including PE and English) OR relevant SCQF Level 5 course*

This course is designed to equip you with a broad set of practical and theoretical skills relevant to fitness and sport.

Prior to joining the course I had a large understanding of fitness, however for me the most enjoyable information I have learned from the course is the physiology, I find the in-depth diagrams, bone structure and muscle structures to be interesting to learn, seeing how they all work together.

Callum Hunter, BSc (Hons) Sport and Fitness

HNC Sports Coaching and Development

Entry Requirements: 2 Highers (CC)
OR 2 A Levels (DD)*

This course will help you develop an understanding of both the theoretical and practical issues relating to a career in sports coaching for indoor or outdoor sports.

HNC Physical Activity and Health

Entry Requirements: 2 Highers (CC)
OR 2 A Levels (DD)*

This NextGen course combines theoretical knowledge, practical skills development, and industry-relevant standards to support you in understanding how physical activity influences health and wellbeing and how to work with clients in real-world settings.

BSc (Hons) Sport and Fitness

Entry Requirements: 3 Highers (BBC) OR
2 A levels (BC)*

This course allows you to focus on practical application of skills that enables you to put theory into practice and build a solid formation for a career in the sport and fitness industry.

Visual Arts

UHI

**MORAY
MOIREIBH**

bit.ly/uhimartd

I moved from Falkirk to Elgin to study at Moray School of Art which was exciting. UHI Moray benefits hugely from its smaller scale compared to the central belt.

The art department has amazing studio spaces which is something you don't get at hardly any other art schools in the UK. The overall sense of community with your fellow students is very comforting.

Haddie Farquhar, BA (Hons) Fine Art Graduate

We are home to Moray School of Art, one of the five major art schools in Scotland.

Providing specialist facilities and expert teaching you will be supported in your creative expression across disciplines such as painting, textiles, drawing, sculpture and lens based media.

Final year students will take part in our annual Fine Art Degree Show highlighting your work in our very own gallery space.

Our courses

University of the Arts London (UAL) Awarding Body:

Level 1 Award and Diploma in Art, Design & Media

Entry Requirements: Portfolio AND Interview

This introductory course helps you learn how to use materials, develop ideas and explore different creative techniques at your own pace.

University of the Arts London (UAL) Awarding Body:

Level 2 Award and Diploma in Art & Design

Entry Requirements: 3 National 4s (including English and Art) AND portfolio

This course explores how to plan creative projects, use a wider range of materials and produce more detailed creative work

University of the Arts London (UAL) Awarding Body:

Level 3 Diploma in Creative Practice: Art, Design & Communication

Entry Requirements: 4 National 5s (BBDD - including English and Art) OR UAL Awarding Body Level 2 course AND portfolio*

This course is designed to help you develop skills to plan projects, experiment deeply and communicate your ideas through art and design.

BA (Hons) Fine Art

Entry Requirements: Highers (CCC - including English) OR A Levels (CC) OR UAL Awarding Body Level 3 course AND portfolio*

This course will allow you to explore and experiment with a wide range of media while also developing a strong contextual understanding of contemporary fine art.

Student Finance

UHI | **MORAY
MOIREIBH**

How much will it cost me?

As a student your main costs will be:

- + Tuition fees – the fees charged by us to teach you (see table opposite)
- + Living expenses – your accommodation, food, clothing etc

There may also be specific course-related costs; please check our website for further information.

How will I fund my course?

Depending on where you live and your personal circumstances you may be eligible for financial assistance in the form of loans, grants, and bursaries.

You should look into student funding as soon as you apply, even if you have not yet been offered a place. A good place to start is the Student Information Scotland website which has comprehensive information on funding and can give information specific to your personal circumstances:

studentinformation.gov.scot

UHI offers bursaries for full-time study to students meeting the eligibility criteria. To find out if you are eligible for an RUK bursary, visit our website:

moray.uhi.ac.uk/fees

For part-time study:

If you are planning to study part time you may be eligible for a range of finance options, including our part-time fee waiver or the SAAS fee grant - visit

moray.uhi.ac.uk/fees

For full-time study:

If your home is in Scotland and you meet the eligibility criteria, your tuition fees are normally paid by either the Scottish Funding Council (SFC) or the Students Awards Agency for Scotland (SAAS) depending on your level of study. You can apply for a range of bursaries, discretionary funds and student loans to help you with your living expenses. For full details visit: **moray.uhi.ac.uk/fees**

If your home is in the rest of the UK (England, Wales or Northern Ireland) you can apply for loans and grants to cover your tuition fees and living costs through your regional student finance department.

- + Visit: **gov.uk/student-finance** for details on Student Finance England
- + Visit: **studentfinancewales.co.uk** if you live in Wales
- + Visit: **studentfinanceni.co.uk** if you live in Northern Ireland

Rest of the UK (RUK) students (based on 2026/27 fees):

For students living in the rest of the UK (England, Wales, N. Ireland, Channel Islands, Isle of Man or a British overseas territory) studying full time:

- + Further education courses are charged at £1,008 per annum if studied full time, or £88 per single credit unit
- + Degree courses are charged at the per annum for a maximum of three consecutive years (fourth year free); **the maximum fee for a four year degree is £27,750**
- + Degree courses comprised of an HN award as the first and/or second year will be charged at £7,110 for the HN portion then the relevant fee for the degree year (fourth year free for continuous study)
- + Part-time fees are pro-rata to full-time fees based on 120 SCQF credits per year

Course fees 2027/28*	Scotland	RUK	International (INT**)	RUK domiciled studying online	International studying online
Further Education Courses					
Full time	£1,008	£1,008	£6,960		
Part time - per single credit unit	£88	£88	£352		
Part time structured - per 6 credits	£528	£528	£2,112		
Higher Education Courses					
Full-time degree (6x20 credit modules per year)	£1,820				
BA, BA (Hons)		£9,250	£14,988	£6,120	£6,960
BSc, BEng, BSc (Hons), BEng (Hons)		£9,250	£15,996	£6,120	£7,692
Full-time HN	£1,285	£7,110	£8,775		
Part-time degree (per 20 credit module)	£305				
BA, BA (Hons)		£1,542	£2,498	£1,020	£1,160
BSc, BEng, BSc (Hons), BEng (Hons)		£1,542	£2,666	£1,020	£1,282
Part-time HN (per SQA credit)	£86	£474	£585		

*These fees have not yet been confirmed. Please see our website for further details.

**Eligible EU/EEA and Swiss nationals will get an automatic fee scholarship

Scholarships

There are a number of scholarships and bursaries available which can provide a helping hand to enable students to progress in their studies.

Visit: uhi.ac.uk/scholarships

If you are an international student:

There may be funding opportunities available for you, visit:

uhi.ac.uk/international

If you are an EU/EEA national:

Following the UK's departure from the European Union, EU/EEA and Swiss nationals, who do not have settled status in the UK, will require a Student Route visa to study here and will be considered as international for fees.

Eligible students studying for a degree, full-time, on-campus, will get an automatic scholarship for each year of study of £3k for a BA and £4k for a BSc, with the fourth (Honours) year free.

Business Support

At the heart of the Moray business community, we have many years' experience working with local businesses and employers to provide customised training programmes to help business growth and employee development.

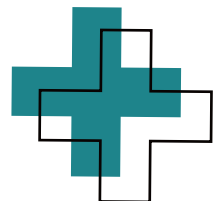

Working with business and industry

We are committed to supporting businesses and individuals looking to update or develop their skills and knowledge. We can provide training solutions tailored to specific business needs across a range of sectors.

In addition, we have extensive experience working with partners and industry to support individuals who are unemployed and require support to find work, education or training.

We also offer a range of Modern and Graduate Apprenticeships, SVQs and bespoke and flexible CPD training (on request) in a number of sector-based industries including:

- + joinery and plumbing
- + information technology
- + mental health for employees
- + business and management
- + leadership
- + conflict resolution

Modern Apprenticeships

Modern Apprenticeships (MAs) offer anyone over the age of 16 the chance to learn while you earn.

They provide paid employment with the opportunity to work towards a nationally recognised work-based qualification (such as an SVQ or Diploma) and develop the skills and knowledge needed to succeed in industry.

The key element of an MA is the combination of the qualification with a range of meta skills. Some frameworks also include day or block release on campus.

Apprenticeships we offer:

- + Bricklaying (SCQF Level 6)
- + Business & Administration (SCQF 5)
- + Carpentry and Joinery (SCQF Level 6)
- + Electrical Installation (SCQF Level 6)
- + Engineering – Asset Lifecycle and Maintenance (SCQF Level 7)
- + Engineering – Manufacture and Fabrication (SCQF 7)
- + Food and Drink Operations: Production and Processing Skills (SCQF Level 5)
- + Heavy Vehicle Maintenance & Repair (SCQF Level 7)
- + Horticulture (SCQF Level 5)
- + Light Vehicle Maintenance and Repair (SCQF Level 7)
- + Social Services - Children and Young People (SCQF Level 7)
- + Social Services & Healthcare (SCQF Level 6 and 7)
- + Spirits Operations (SCQF Level 6)
- + Plumbing (SCQF Level 6)

I like that this is a practical and hands-on course, and I am not stuck in a classroom, although we do have to do block release up at Moray Firth training in Inverness every 6 weeks.

In terms of advice I would give someone, I wish I'd done it sooner.

Daniel Petrie, MA in Light Vehicle Maintenance and Repair

How do they work?

Eligibility:

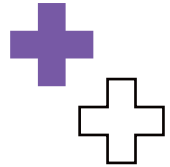

Open to all over the age of 16 in employment.

Duration:

12 months to 4 years, depending on the framework.

Support:

Our team of dedicated Training Co-ordinators join a partnership with employers, lecturers and assessors to provide ongoing support, from recruitment to development throughout the apprenticeship.

How are Apprenticeships assessed?

Throughout the process apprentices will be assessed using:

- + Portfolios: You have access to a user-friendly, electronic portfolio to store your evidence, assessment plans, units, feedback, and guidance.
- + Professional discussions: This is an exploratory conversation between you and your assessor.
- + Practical assessments: Complete tasks based on your technical skills, which may sometimes be done in a simulated environment.
- + Observations: Your assessor will watch you perform activities to check your competency.
- + Written tests: Tests may include open book, closed book, or multiple-choice. These can also include industry-specific tests or psychometric assessments.
- + Projects: Tasks set by your college or employer to show how well you can apply your theoretical knowledge in practice.
- + Reflective practice: A record of your experiences and skills, which forms part of your portfolio
- + Presentations: Use visual aids to explain concepts and showcase your understanding.

Apprentices will also develop a range of career and meta skills. Some frameworks also contain an enhancement that apprentices must complete alongside their qualification.

For more information, please contact:

Cindy Gee, Training Co-ordinator
01343 576430 | Cindy.Gee.Moray@uhi.ac.uk

Jacqui Taylor, Head of Marketing and External Relations
01343 576425 | Jacqui.Taylor.Moray@uhi.ac.uk

Scottish Vocational Qualifications

Similar to MAs, Scottish Vocational Qualifications (SVQs) are nationally recognised, work-based qualifications designed to validate your skills, knowledge, and competence in real-world job roles.

For those working in a variety health and social care settings, completing an SVQ also helps you meet the qualification requirements set by the Scottish Social Services Council (SSSC), supporting ongoing employment and career progression.

How are SVQs assessed?

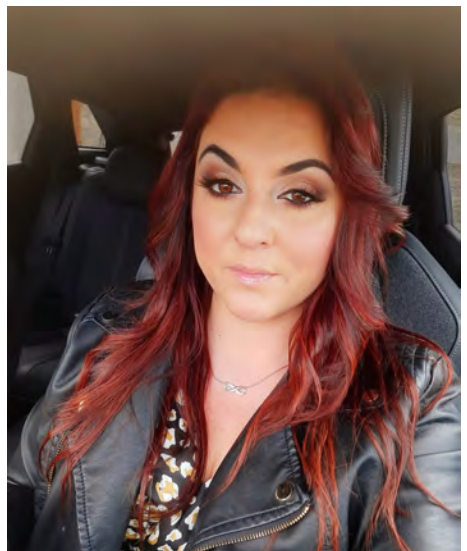

Throughout the process you will be assessed using observations, undertaking day to day tasks that you are responsible for.

SVQs we offer:

- + Social Services - Children and Young People (SCQF Level 6 and 7)
- + Social Services & Healthcare (SCQF Level 6, and 7)

“I was successful in achieving the role of Senior Early Years Practitioner. Without my studies this would never have been possible. Completing my SVQ reassured me that I deliver knowledgeable good practice and gave me the confidence to progress in my career.

Nicole Morrison, Social Services - Children and Young People Graduate

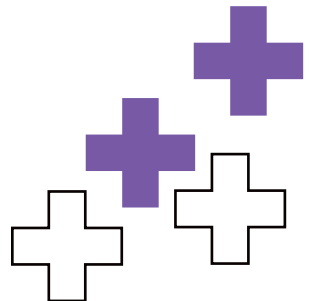

MoraySWAP Employability Training

Our employability team deliver the Moray Sector Based Work Academy Programme (SWAP) to support individuals living in Moray to explore the world of work.

This programme offers fully-funded training tailored that matches your skills and interests, helping you to gain recognised qualifications and develop the practical skills employers are looking for. You'll also receive 1-to-1 support by a dedicated Employability Coordinator who will work with you to build confidence, overcome barriers and prepare for your next step in employment.

We are part of Moray Pathways which is a single point of contact for individuals, businesses and organisations to find opportunities in education, training or employment. The Moray Pathways partnership consists of several community stakeholders who provide barrier removal support and employability provision to the people of Moray.

We can provide one-to-one and group support in the following areas, or we can tailor support to match your skills and interests.

Employability tools:

- + CVs
- + cover letters
- + job application forms
- + interview preparation
- + employer engagement
- + industry visits

Soft skills:

- + build confidence
- + improve your communication
- + time management
- + problem solving
- + teamwork

Accredited qualifications:

- + First Aid
 - + CSCS Health and Safety
 - + REHIS food hygiene
 - + IOSH Working Safely
- and more

Sector based work academy

These short courses are delivered in partnership with employers in industries such as:

- + construction
- + manufacturing
- + hospitality
- + retail
- + childcare

Work placements:

- + help to match your skills and interests to the workplace allowing you to explore work and volunteering possibilities

Gas, Oil and Renewables

Our Gas, Oil and Renewables Assessment Centre, offering training and assessment across a wide range of heating, plumbing and renewable technologies.

Electrical - 18th Edition Wiring Regulations

LCL Awards Level 3 Award in the Requirements of Electrical Installations British Standards 7671

Renewables	Qualification
Solar Thermal QCF Level 3 Award in the Installation and Maintenance of Solar Thermal Hot Water System	600/7439/5
Air Source Heat Pumps QCF Level 3 Award in the Installation and Maintenance of Air Source Heat Pumps (non-refrigerant circuits)	601/2504/4
Air & Ground Source Heat Pumps QCF Level 3 Award in the Installation and Maintenance of Heat Pump Systems (non-refrigerant circuits)	600/7730/X
Biomass Wood Pellet QCF Level 3 Award in the Installation Commissioning and Maintenance of Wood Pellet Burning Appliances	601/2957/8
Energy Efficiency QCF	601/3942/0

Oil (OFTEC)	Qualification
Commissioning and Servicing Oil Fired PJ Boilers	OFTEC 101
Commissioning and Servicing of Vapourising Boilers	OFTEC 102
Installation of Oil Fired Boilers	OFTEC 105
Oil Storage Tank Installation	OFTEC 600
Commissioning and Servicing of Multi Stage PJ Oil Fired Boilers	OFTEC 201

Water	Qualification
Hot Water Systems and Safety (Unvented)	HWSS
Water Byelaws	N/A

LPG	Qualification
Core Domestic LPG Gas Safety	CCLP1
Changeover Core for Natural Gas to Domestic LPG	CONGLP1
Changeover Core for Natural Gas to Mobile Catering	CONGLP1CMC
Vessels 1 & 2 and Electrofusion (all taken together)	VESLP1/VESLP2/ EFJLP1
Install, Exchange, Disconnect, Service, Repair, Breakdown and Commission of Closed Flue Fires	HTRLP2
Install, Exchange, Disconnect, Service, Repair, Breakdown and Commission of Caravan Gas Refrigerators	REFLP2

Domestic Gas	Qualification
Core Domestic Gas Safety	CCN1
Install, Exchange, Disconnect, Service, Repair, Breakdown and Commission Domestic Gas Cookers	CKR1
Install, Exchange, Disconnect, Service, Repair, Breakdown and Commission Domestic Open, Balanced and Fan Assisted Flued Gas Fires and Wall Heaters	HTR1
Install, Exchange, Remove and Commission Domestic Gas Meters	MET1
Install, Exchange, Disconnect, Service, Repair, Breakdown and Commission Domestic Gas Fired Directed Air Heaters of rated input not exceeding 70kw	DAH1
Portable Electronic Combustion Analysers	CPA1
Install, Exchange, Disconnect, Service, Repair, Breakdown and Commission Domestic Gas Laundry Appliances	LAU1
Install, Exchange, Disconnect, Service, Repair, Breakdown and Commission Domestic Open, Balanced and Fan Assisted Central Heating Boilers and Water Heaters	CENWAT
Carbon Monoxide Atmospheric Testing (2 days)	CMDDA1

Commercial Gas	Qualification
Commercial Core Natural Gas Safety	COCN1
Changeover from Domestic Gas to Commercial Gas	CODNCO1
Installation First Fix Commercial Pipework	ICPN1
Commission, Service, Repair and Breakdown of Commercial Indirect Fired Heating Appliances/Equipment	CIGA1
Commission, Service, Repair and Breakdown of Overhead Luminous Radiant Plaque and Radiant Tube Heaters	CORT1
Commission, Service, Repair and Breakdown of Commercial Direct Fired Heating Appliances	CDGA1
Testing and Purging Commercial Installation Pipework Ex 1m ³	TPCP1
Testing and Purging Commercial Installation Pipework Not Ex 1m ³	TPCP1A

Commercial Laundry	Qualification
Changeover from Domestic Gas to Commercial Laundry	COCCLNG1
Install, Exchange, Disconnect, Service, Repair, Breakdown and Commission Commercial Laundry Appliances	CLE1

Commercial Catering	Qualification
Core Commercial Catering Gas Safety	CCCN1
Changeover Domestic Natural Gas to Core Commercial Catering	CODC1
Install, Exchange, Disconnect, Service, Repair, Breakdown and Commission Commercial Catering Appliances 1	COMCAT1
Install, Exchange, Disconnect, Service, Repair, Breakdown and Commission Commercial Catering Appliances 3	COMCAT3
Install, Exchange, Disconnect, Service, Repair, Breakdown and Commission Commercial Catering Appliances 5	COMCAT5
Commercial Mobile Catering	CMC
